Dear Mr. Dashney,

I want to thank you once again for a wonderful storytelling time at the Kentucky School for the Blind. You did a marvelous job; that was evident by how well the students listened and the many questions they asked! You are an extremely talented storyteller and the students were fortunate to hear someone of your caliber.

If I can ever be of assistance to you, please ask. I hope you had a safe trip back to Oregon and will consider visiting Louisville again in the near future.

Sincerely,
